

TODAY:

c-harmony-Why Unity Matters: For God's people to build an enduring church that resists the spirit of our day, we must build with the dynamic and vital principle called "unity." We, as the people of God who make up this congregation, must understand and honor this vital principle and expect the dynamic effects that spiritual unity brings to the church among the people of God. We are a New Testament church, a body of people who have come together to fulfill the purposes of God.
